The lowly potato has risen to the status
of dessert in England, according to London
dispatches. Its high dessert standing is
tested by the following English recipe for
potato ice cream.

Pass mashed potatoes through a sieve
with water flavored with lemon essence,
sweetened with liquid sweetening then freeze.
This department of the Plain Dealer,
which from time to time has mildly pro-
tested the handling of the food situation
by the administration, pledges itself now

to open warfare against the department of
agriculture, the war food administration,
the OPA and all other agencies whose ac-
tivities touch foods if any one of them
dares suggest potato ice cream as an an-
swer to the problem of low-cost desserts.
That would be a sacrifice which all-out
war, even, should not require of a sweet-
loving people.—Cleveland Plain Dealer.

I am informed rumor and statements being circulated in Belle Glade have it that Lex Green has promised Fire Marshal's job and member of State Road Department office to two named persons. This rumor or statement is utterly and entirely false. Two individuals being mentioned have not even spoken to Lex Green about any matter nor to me about any job whatsoever. Throughout the entire Palm Beach county only one person has spoken to me during this campaign about trading support for patronage. Since I had no authority to make such arrangement this offer was turned down and this person who is a present office holder of a state office that has to do with the Everglades is actively and vigorously fighting Lex Green. Only two persons from the whole of Palm Beach county have approached Lex Green about trading support for jobs. Each of these persons went to Starke several months ago, one from the Glades and one from the Coast. Each of them was turned down and each is vigorously and actively fighting Lex Green today. No trade or offers of jobs have been made by Lex Green and none by me as I have no authority to make such arrangement and neither Lex Green nor I will make such an arrangement or promise any job of patronage whatever.

IN MEMORIAM

WHEREAS, It has pleased the Grand Master of the universe in his infinite wisdom to remove from among us, our esteemed friend and Brother Sidney B. McDowell.

TO THE CITIZENS OF PALM BEACH COUNTY

WHAT IS THE BACKBONE OF AMERICA'S FUTURE? CHILDREN.

Do you know that our right of franchise starts at the office of Supervisor of Registration?
Do you realize this is an important office?
My ambition is to educate my children and guide their training so as to have them become good citizens.
If you elect me your Supervisor of Registration, I pledge one of the best set of books and records in the State of Florida.
Thanking you for your support on May 23.

DeWitt Upthegrove

To The City Fathers And
Chief Of Police of Pahokee, Fla.

You are "my men" insofar that I voted for you, so do not look upon me as your enemy . . . yet . . . However if you in your present term do nothing to correct the intolerable speeding through town. I shall, if I am alive two years from now, buy space in The Everglades News, and otherwise in an open way, try to defeat you, if you run for town offices.

You set 35 miles an hour as the town speed limit. Well and good! Some cars go 70, or as fast as they can, 60 is common, and 50 is ordinary. It is up to you, in your present term, to decide if you want me as your political friend in 1946.

If an operation was necessary would you choose a surgeon qualified and experienced in that line. This same rule applies in all lines of business.

It is much more true in the choice of a man who presides in a Court where the liberty of the person is at stake so that a fair trial and justice may be guaranteed.

Mr. Baynes, through his long experience and practice in our courts of criminal procedure, is recognized by all who know him to be a man well qualified for the Judge of the Criminal Court of Record.

Cinematic Chatter

A revealing story of the courage of Russia and the inhumanity of the Nazi is to be told this Sunday-Monday at the Prince Theatre when "North Star" makes its bow on the screen.

The narrative draws ugly pictures of a rapacious mercenary force whose beastiality spares neither women nor children, the aged or infirm, but Miss Hellman, who wrote the piece, insists she has drawn only on facts corroborated by months of painstaking research, including interviews with Soviet officials, fighters and survivors of the blitzkrieg.

I am sure I cannot find words to praise this picture enough again, I am sure I can recommend it to you as the best in show business.

For your Tuesday-Wednesday showing, you have a picture that was a sensation a number of years ago and is being brought back. The title of this picture is "Souls at Sea." Stars in the picture are Gary Cooper, George Raft, Peaches Dee, Henry Wilcoxon, Harry Carey.

I don't need to go into detail about this show. It is enough that you glance over the cast. This will tell you that with these outstanding stars this must be an outstanding picture.

Record Of The "Doer"?
Let Us Go To The

LEX GREEN and MILLARD CALDWELL were both members of the 75th Congress and voted on Senate Bill 1685. This was a Bill to provide the elimination of slums and unsanitary housing conditions, FOR THE ERADICATION OF SLUMS, FOR THE ERECTION OF DECENT SAFE, AND SANITARY DWELLINGS FOR FAMILIES OF LOW INCOME, and for the reduction of unemployment, the stimulating of business activity and the creation of the United States Housing Authority. Lex Green voted FOR the Bill, Millard Caldwell voted AGAINST it. Congressional Record, Vol. 81, Part 8, Page 9294.

In 1926 and 1928 South Florida suffered devastating storms in the Lake Okeechobee area. 3,000 human beings lost their lives. Corpses were burned in piles because the ordinary burial facilities were overwhelmed. A republican President-elect visited the area to plan methods of preventing a repetition. A republican Congress voted over ten million dollars to construct a magnificent system of levees and dykes and drainage work to prevent for all time a repetition of this great disaster. In order that this project might be carried out it was necessary for the State of Florida to co-operate by creating the Okeechobee Flood Control District. WHY WOULD ANY ONE VOTE AGAINST THIS HUMANITARIAN MEASURE? Millard Caldwell was one of four members recorded AGAINST the passage of the Bill, House Bill No. 497. House Journal 1929, pages 345-6.

In 1931 Millard Caldwell voted AGAINST Senate Bill No. 361 which secured to the 67 counties of Florida large revenues for worthwhile public purposes. Had his opposition to the law prevailed the counties would be deprived of this revenue which now amounts to around \$48,000.00 per annum, and Old-Age Pensions could not have had their recent increase. House Journal 1931, pages 518-19.

In 1931 the Florida Legislature enacted the Teachers' Pension Bill providing a pension for school teachers who have given 35 years of their life to Florida's Public Schools and who are incapacitated and without means of adequate support. Millard Caldwell voted AGAINST this humanitarian measure for the benefit of Florida's underpaid teachers. House Journal, 1931, page 657.

A group of Florida War Mothers in West Palm Beach on May-10th called on voters of the State to dedicate this election to our boys and girls in the armed forces and elect LEX GREEN Governor because of his experience, his faith in a greater Florida, his Christian life, constructive record, and valuable contacts in Washington, all of which they say, will contribute greatly to winning the war and the peace and returning our sons and daughters to a safe and sound political economy. Let's join these War Mothers in voting for LEX GREEN on May 23rd. ELECT AS YOUR NEXT GOVERNOR THE MAN WHOSE RECORD SPEAKS FOR HIS INTEREST IN HUMANITY —LEX GREEN IS SUCH A MAN.

"Guess we're pretty lucky in our town, Judge, that we don't have the youth problem you read about in other places."

"Don't know as you can call it lucky, Harold . . . we saw it coming with the war and we did something about it before it hit us. We gave our 'teen age youngsters the recreational facilities they needed and really wanted. Those familiar with this wartime problem know that young folks go to places they shouldn't only when the proper places

are not provided for them. Young people always want to be with others of their own age . . . want their own type of entertainment. Town after town has found out that once these simple wants are met, the problem is well on its way to being licked."

"Guess I didn't really know how far-sighted our town really is, Judge. If we hadn't looked ahead we wouldn't have had anybody or anything to blame but ourselves, would we?"
